Beth yw'r gair 'nefnydd' yma, sydd ddim yn y geiriaduron print?

Os teipiwr air treigledig fel hwn yn y bocs chwilio, bydd y Geiriadur yn eich cyfeirio at y ffurf heb ei threiglo (mewn teip glas trwm), sef 'defnydd' yn yr achos hwn.

Tip: Mae angen sicrhau eich bod wedi dewis CYMRAEG yn iaith chwilio.

Beth am genedl gair?

Bydd y Geiriadur yn gallu dweud wrthoch a yw gair yn enw gwrywaidd (eg.) neu'n enw benywaidd (eb.). Mae rhai geiriau yn gallu bod yn fenywaidd ac yn wrywaidd (eg.b. neu eb.g.) gyda'r genedl fwyaf cyffredin yn cael ei rhestru'n gyntaf.

The screenshot shows the GPC app interface. At the top, there are tabs for CYMRAEG and DIFFINIADAU SAESNEG, and buttons for GAIR BLAENOROL, YN ÔL, CUDDIO, DANGOS, and ARGRAFFI. Below the tabs, the search term 'clust' is entered. The main search result is 'clust' with the definition: '[H. Wydd. *cluas*: < Clt. **kloustā*, cf. H. Norseg *hlust* 'ear' o'r gw eb.g. ll. *clustiau*.]' Other results like 'clust aradr → clust' are also listed.

Beth am ffurfiau lluosog?

Os ydych chi eisiau gwybod beth yw ffurf luosog gair, dangosir hyn ar ôl y byrfodd 'll.' ('lluosog'). Efallai bydd nifer o ffurfiau lluosog yn cael eu dangos, ond fel arfer y ffurf fwyaf cyffredin yn yr iaith gyfoes a roddir yn gyntaf.

cath

[H. Grn. *kat*, gl. *cattus vel murilegus*, Llyd. C. *caz*, cf. Llad. *cattus, catta* eb.g. ll. *cathod, cathau*.]

Os yw'r ffurf luosog mor wahanol i'r ffurf unigol fel y byddai'n anodd ei hadnabod, y tebyg yw bydd croesgyfeiriad yn y Geiriadur, e.e.:

The screenshot shows the GPC app interface. At the top, there are tabs for CYMRAEG and DIFFINIADAU SAESNEG, and buttons for GAIR BLAENOROL, YN ÔL, CUDDIO, DANGOS, and ARGRAFFI. Below the tabs, the search term 'cwn' is entered. The main search result is 'cwn' with the definition: 'cwn, gw. ci.' Other results like 'cwn' are also listed.

Gallwch ddod o hyd i ffurf unigol ar enw lluosog rheolaidd drwy ddechrau teipio llythrennau cyntaf y gair gan edrych ar y geiriau sy'n cael eu cynnig. Mae hyn yn wir fel arfer am ferfau gyda gwahanol derfyniadau hefyd.

Tip: Defnyddir llawer o fyrfoddau yn y Geiriadur (gan gynnwys rhai llyfryddol yn y dyfyniadau) ond os byddwch yn eu tapio (neu'n symud y llygoden drostynt yn **GPC Ar Lein**) bydd y gair neu'r ymadrodd llawn yn ymddangos.

Help! Mae'n edrych mor gymhleth!

Y peth cyntaf i edrych arno yw'r diffiniad Cymraeg, gyda'r cyfystyron Saesneg oddi tano. Weithiau ceir nifer o adrannau wedi eu labelu gyda rhifau neu lythrennau (1(a), 1(b), 2, ayb.), i egluro holl ystyron gair.

Tip: Am gyfarwyddiadau llawn, gweler y botwm **CYMORTH / HELP** yn y gornel dde ar frig y sgrin. Yn ymyl hwn mae botwm sy'n eich galluogi i newid iaith y rhngwyneb ('interface') – nid yw hyn yn effeithio ar yr iaith chwilio.

Adolygu geirfa

Mae ap y Geiriadur yn cynnig dwy gêm sy'n seiliedig ar gynnwys y Geiriadur: gêm **Geiriau cudd** a gêm **Anagramau**. Mae modd cyfyngu'r ddwy gêm i'r geiriau Cymraeg rydych wedi chwilio amdanyst ers agor yr ap a gall hyn fod yn ffordd dda o adolygu geirfa newydd. Hynny yw, os byddwch yn gwneud gwaith darllen y tu allan i'r dosbarth ac yn defnyddio'r ap i chwilio am eiriau anghyfarwydd, gallwch ddefnyddio'r gemau i'w hadolygu wedyn.

Pwyswch ar **GPC** (sawl gwaith), yna **Gosodiadau / Geiriau ar gyfer y gemau**. Mae pwysio ar **Cliw** yn dangos y diffiniad Cymraeg neu'r cyfystyr(on) Saesneg gan ddibynnu ar iaith y rhngwyneb.

Anagramau: rhaid symud y teils drwy eu llusgo i'r drefn gywir.

Geiriau cudd: sylwer mai dim ond un gair sydd wedi'i guddio. Mae'n gallu rhedeg i unrhyw gyfeiriad. Rhaid tapio'r teils cywir i ddatgelu'r gair.

The screenshot shows the GPC app interface. At the top, there are tabs for CYM and a search bar. Below the tabs, the word 'ap³' is shown. The main area has a large orange button labeled 'ap³'. To the right, there is a blue box containing historical entries for 'app' from 2010 to 2013. At the bottom, there are buttons for ap¹, ap², ap³, aparant, and ap⁴. Lawrlwythwch y data hefyd er mwyn gallu defnyddio'r ap heb gysylltiad â'r We.

Cewch neges wrth lwyddo. Yn y ddwy gêm mae **Gair newydd** yn ailddechrau'r gêm gyda gair gwahanol. Os oes angen gweld cofnod y gair ar unrhyw adeg, gellir pwysio ar **Yr ateb**. Ar ôl gweld y cofnod, gallwch bwysio ar y saeth sy'n pwyntio i'r chwith i fynd yn ôl i'r gêm.

Chwilio Saesneg > Cymraeg

Yn gyntaf, gair o rybudd. Nid hwn yw'r geiriadur gorau ar gyfer cael hyd yn gyflym i air Cymraeg sy'n cyfateb i air Saesneg – y tebyg yw y bydd yn rhoi gormod o ddewis i chi, a rhai o'r ffurfiau heb fod yn addas ar gyfer sgwrs bob dydd! Mae GPC yn eiriadur hanesyddol sy'n cynnwys geiriau o bob cyfnod o'r seithfed ganrif hyd heddiw, ynghyd â geiriau sy'n rhan o dafodiaith ardaloedd penodol. Er enghraift, os ydych am gyfieithu 'horse', y gair gorau fel arfer fyddai 'ceffyl', ond os chwiliwch am 'horse' yn GPC byddwch yn cael geiriau canoloesol fel 'cafall', 'eddystr' a 'gorwyddfarch' yn ogystal â 'ponffil', gair sy'n perthyn i dafodiaith Sir Fôn.

The screenshot shows the GPC dictionary interface. At the top, there are navigation links: CYMRAEG, DIFFINIADAU SAESNEG, GAIR BLAENOROL, YN ÔL, CUDDIO, DANGOS, and ARGRAFF. Below these, a search bar contains the word 'horse'. The main content area displays the search result for 'horse' under the heading 'cafall'. The result includes the definition 'horse, steed → **cafall**', the etymology '[bnth. Llad. *cābällus*; digwydd *Cafall* fe. e. p., sef enw ci Arthur Hist Brit 217 hefyd fel enw march, RM 111, 125, 135, 138 eg.', and examples: 'March: • horse, steed.' followed by two entries: '13g. *C* 93₄₋₅, Kyuaruan amcavall. kelein aruiar ar wall.' and '13g. *A* 34₂₂-35₁, oid girth oed cuall ar geuin e *gauall*'. There are also lists of related words like 'horse, steed → **ceffyl**', 'horse, nag, hobby → **ceffyl**', etc.

Fodd bynnag, os oes gennych ddiddordeb yn hanes yr iaith neu os ydych am weld faint o gyfystyrion sydd ar gael ar gyfer gair Saesneg penodol, gallwch gael hwyl wrth chwilio yn yr ochr Saesneg.

Tip: Bydd y dyfyniadau enghreifftiol yn dangos pa mor hen yw'r gair, ond mae angen gofal am fod arferion a dulliau ysgrifennu GPC wedi newid dros amser. Erbyn heddiw rydym yn dyfynnu enghreifftiau diweddar, os ydynt ar gael. Ond yn y gorffennol yr arfer oedd peidio â dyfynnu enghreifftiau diweddarach na'r ddeunawfed ganrif. Information for Welsh learners and tutors

Are you learning Welsh? GPC can help in more ways than one.

GPC is a Welsh–Welsh dictionary, but English synonyms are also given so it is ideal for looking up unfamiliar words or phrases you may come across in your reading or conversation outside the classroom. It can find mutated forms too!

What's this word 'nefnydd', which I can't find in any print dictionary?

If you type a mutated word like this into the search box, the Dictionary will direct you to the unmutated form (in bold), i.e. 'defnydd' in this case.

Tip: Make sure that **WELSH** or **CYMRAEV** is selected as the search language.

The screenshot shows the GPC online search interface. At the top, there are two radio buttons: 'WELSH' (selected) and 'ENGLISH DEFINITIONS'. Below the search bar, the word 'nefnydd' is entered. Underneath the search bar, the text '1 - 1 of 1' is displayed. At the bottom of the results area, a blue link reads 'nefnydd → defnydd'.

What does 'wrth fy modd' mean?

Type the phrase into the search box. If it is in the Dictionary it will appear in blue as shown, and clicking or tapping on this link will take you directly to where the phrase is listed among the 'Collocations' (set phrases), under the headword 'bodd' in this instance.

The screenshot shows the GPC online search interface. At the top, there are two radio buttons: 'WELSH' (selected) and 'ENGLISH DEFINITIONS'. Below the search bar, the phrase 'wrth fy modd' is entered. Underneath the search bar, the text '1 - 1 of 1' is displayed. At the bottom of the results area, a blue link reads 'wrth fy modd, &c. → bodd'. A note below the link states '(i) to the liking of; according to the wish of; acceptable to'.

What about accents?

There's no need to worry about them! Just type the letter without an accent and the Dictionary should still find the relevant word. (Hyphens, however, are significant.)

The screenshot shows the GPC online search interface. At the top, there are two radio buttons: 'WELSH' (selected) and 'ENGLISH DEFINITIONS'. Below the search bar, the word 'pel-droed' is entered. Underneath the search bar, the text '1 - 4 of 4' is displayed. At the bottom of the results area, a blue link reads 'pêl-droed, pêl-draed'.

What if there is more than one possibility?

If the letters you have typed could represent more than one word, you will be shown the different options.

You can see the definitions of the various words by clicking or tapping on them, or you can 'swipe' through the results in the app.

GPC Online is available free of charge on the Internet (<http://gpc.cymru>) and you can download all the data onto your phone or tablet (Apple, Amazon Fire, or Android) so that you do not need an Internet connection to use it.

You can download the app **free of charge** from the Apple, Amazon, or Google app stores (you can scan one of the QR codes below).

Once you have downloaded the app you can also download the data: tap and select 'Settings', 'Database' and 'Local database (full)', and follow the instructions.

In total it takes up about 200MB and can then be used at any time.

The app also contains a couple of games to help you revise words you have looked up recently (see below).

The screenshot shows the GPC mobile app settings menu. It includes sections for 'Interface language' (Welsh selected), 'Database' (Local database (basic) selected), and 'Manage local databases'.

What about the gender of nouns?

The Dictionary can tell you whether a particular noun is masculine ('enw gwrywaidd', eg.) or feminine ('enw benywaidd', eb.). If a word can be either masculine or feminine the more common gender is listed first (eg.b. or eb.g.).

The screenshot shows the GPC online dictionary interface. The search term 'clust' is entered in the search bar. The results page displays the word 'clust' with its definition: '[H. Wydd. *cluas*: < Clt. **kloustā*, cf. H. Norseg *hlust* 'ear' o'r gw eb.g.] ll. *clustiau*'. Navigation buttons like 'PREVIOUS WORD', 'BACK', 'HIDE', 'SHOW', and 'FIRST' are visible at the top.

What about plural forms?

If you want to know what the plural form of a particular word is, this is shown after the abbreviation 'll.' (for 'lluosog'). If more than one plural form is shown, the one given first will be the one that is most common in the modern language.

cath
[H. Grn. *kat*, gl. *cattus vel murilegus*, Llyd. C. *caz*, cf. Llad. *cattus, catta*] eb.g. ll. *cathod, cathau*.

If the plural form is so different from the singular form that it would be hard to recognize, it will probably be given as a cross-reference, e.g.:

The screenshot shows the GPC online dictionary interface. The search term 'cwn' is entered in the search bar. The results page displays the word 'cwn' with its plural form 'cŵn, gw. ci.'. Navigation buttons like 'PREVIOUS WORD', 'BACK', 'HIDE', 'SHOW', and 'FIRST' are visible at the top.

You can find the singular form of a regular plural noun by beginning to type the word and looking at the words suggested in the drop-down list. This usually works for verbs with different endings as well.

Tip: The Dictionary uses many abbreviations (including bibliographical references in the quotations) but if you tap them (or hover over them with the cursor in **GPC Online**) the full word or phrase will appear.

Help! It looks so complicated!

The first thing to look at is the definition, given in Welsh first with English below. Sometimes there will be more than one section, labelled with numerals or letters (1(a), 1(b), 2, etc.), to explain different meanings of the same word.

Tip: For full instructions, see the **CYMORTH / HELP** button at the top of the screen. Next to this is a button that allows you to change the interface language – this does not affect the search language.

Revising vocabulary

The app offers two games based on the Dictionary's content: **Hidden words** and **Anagrams**. Both games can be restricted to words searched since opening the app. This means you can use the app to test yourself on words you have looked up recently, which might help, for example, with revising vocabulary from your reading outside the classroom.

Tap **◀ GPC** (several times), then **Settings / Words for the games**.

Tapping **Clue** shows the definition in Welsh or the English synonym(s), depending on the interface language.

Anagrams: tiles must be moved by dragging them into the correct order.

Hidden words: note that there is only one hidden word. It can run in any direction. The correct tiles must be tapped to reveal the word.

The screenshot shows the GPC mobile app interface. The screen title is 'ap³'. It displays a list of news items in Welsh: 2010 Y Cymro 9 Gorffennaf, 11, cael blas o beth o gynnwys y Rhaglen hefyd, trwy brynu'r 'app' cyntaf ar gyfer unrhyw wyl Gymraeg – yr iSteddfod. 2011 Y Cymro 29 Gorffennaf, 14, cydweithio ... i gynhyrchu ap Rapsaliwn a fydd yn barod i'w lawrlwytho ym mis Awst. 2013 Y Cymro 19 Ebrill, 6, bydd datblygu apiau dwyieithog yn ddiwedd gwych i'r bartneriaeth allweddol yma. 2013 Y Cymro 31 Mai, 16, Mae'r ail gyfres o Dwylo'r Enfys yn cael ei ffil mio ar hyn o bryd, ac mae cynlluniau i greu aps i blant ag anghenion arbennig i gyd-fynd a'r gyfres.

Searching English > Welsh

First, a word of warning. GPC is not the ideal dictionary for finding a straightforward translation of an English word – the likelihood is that you will be given too much choice, and some of the options may not be suitable for everyday use! GPC is an historical dictionary which includes words from every period from the seventh century to the present day, as well as dialect forms from different regions of Wales. For example, the word ‘horse’ would normally be translated as ‘ceffyl’, today, but if you search for ‘horse’ in GPC you will find medieval words like ‘cafall’, ‘eddystr’ and ‘gorwyddfarch’ as well as ‘ponffil’, a word from the dialect of Anglesey.

Tip: The quotations will show you how old a particular word is, but care is needed when interpreting them since the Dictionary’s practice has changed over time. Recent entries provide recent quotations, where available, but in the past the custom was to quote examples only up to the end of the eighteenth century. (The publication date of entries is shown near the upper corner of the screen to the right of the headword.)

Quotations can be revealed by tapping the + button on the right, and hidden by tapping the - button. Tapping the + button at the top of the screen reveals all the quotations throughout the entry. (In **GPC Online** the quotations are shown by default but you can hide them if you wish.)
